

- **Students Feedback** is captured through Student Information System (SIS) software for addressing their grievances and suggestions related to teaching and campus facilities. This has empowered students to participate in teaching learning process .

- **Grey Subject Analysis** is carried out with result analysis for both University as well as Internal exams for performance measurement, wherein subjects with less than 55% results is termed as Grey subject. It is carried out with five probe analysis where past performance of students in the same subject with respect to previous batch, reasons for poor performance by students as well as faculty is analysed to find the reasons for poor result and thereby taking preventive and corrective measures.
